# Scholarship Application

1) Name (print): ________________________________

2) E-mail: ________________________________

3) Telephone #: ________________________________

4) Home address where permanent residence is/was established and dates you resided at this address:

   __________________________________________

   __________________________________________

5) Mailing address if different from above, indicate dates that you resided at this address:

   __________________________________________

   __________________________________________

6) Program of Study (i.e. Fire Protection Engineering, Mechanical, Civil, Architecture, etc):

   __________________________________________

7) Name of all Universities attended and dates attended:

   __________________________________________

   __________________________________________

   __________________________________________
Scholarship Application

8) Name of university and location for which the scholarship will be applied:

________________________________________________________

9) Other scholarships to date and amount of each that you have received:

________________________________________________________

________________________________________________________

10) Enclose with this application the following:

   a) Please provide a letter of introduction accompanying this application which shall address all of
      the following questions:
      i) Provide a short bio on your life and background.
      ii) When did you first become interested in pursuing a career in the field of Fire Protection and why?
      iii) What are your career goals, both short-term and long term?
      iv) List briefly any past experience and/or accomplishments you have made in the field of Fire
         Protection Engineering such as articles, involvement in SFPE etc.

   b) Complete academic transcript of all undergraduate and graduate programs

   c) Proof of permanent residence i.e. photocopy of Driver's License, or copy of a bill or apartment
      lease agreement with the applicant’s name and California address. In order to qualify, applicants
      must meet one of the following requirements:
      i) Have a current residence in Northern California or Northern Nevada with the intent work, study,
         and/or perform research in the field of fire protection engineering within our regional
         chapter area for the foreseeable future.
      ii) Currently residing outside of our regional chapter area with original residence in Northern
          California or Northern Nevada, and the intent to return to work, study, and/or perform
          research in the field of fire protection engineering within our regional chapter area.
      iii) Have never lived or worked in Northern California or Northern Nevada, but have been
          accepted and enrolled in an accredited engineering program at a California college or
          university, or have accepted an offer of employment as an intern or engineer with a
          California employer with the intent to return to work, study, and/or perform research in the
          field of fire protection engineering within our regional chapter area. If this is the case
          provide a photocopy of your out-of-state Driver’s License or I.D. card and a photocopy of an
          acceptance letter, enrollment transcript, and/or employment offer.

   d) Copy of an application to SFPE student membership. Dues are zero.

   e) Discuss your need for aid and budget.
Scholarship Application

11) Please provide a short (500 words or less) summary of why you believe you should be the recipient of the NCN SFPE scholarship.

12) To the best of my knowledge, I meet all eligibility requirements for scholarship consideration and attest that the information provided herein is both true and accurate.
